PETITION FOR CHANGE IN OWNERSHIP  
AND OPERATIONAL CONTROL

---

As required by Condition of Certification COM-16 of the Final Commission Decision for the Malburg Generating Station (Transaction No. 28746) and pursuant to California Code of Regulations (CCR), Title 20, Section 1769(b), the City of Vernon hereby petitions the California Energy Commission (CEC) for approval of a change of ownership and operational control of the Malburg Generating Station (Project), Docket No. 01-AFC-25C.

The change of ownership reflects a transfer of the Project's assets and ownership from Bicent (California) Malburg LLC of Easton, Maryland, to the City of Vernon, effective December 15, 2021.

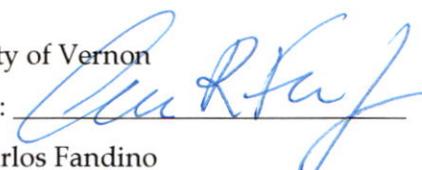

In response to CCR, Title 20, Section 1769(b)(1)(A), the City of Vernon states that, in addition to the change in ownership, the operational control of the MGS will change from Bicent (California) Malburg LLC to the City of Vernon. The name of the Project, Malburg Generating Station, will not change.

In response to CCR, Title 20, Section 1769(b)(1)(B), the City of Vernon will be responsible for compliance with the CEC's conditions of certification for the Project.

In response to CCR, Title 20, Section 1769(b)(1)(C), as the owner and operator of the Project, the City of Vernon understands the Project's conditions of certification and agrees to comply with them. As an officer of the City of Vernon, I hereby attest, under penalty of perjury, under the laws of the State of California, that the contents of this petition are truthful and accurate to the best of my knowledge and belief.
