STATE OF CALIFORNIA

Energy Resources  
Conservation and Development Commission

In the Matter of:

Application For Small Power Plant  
Exemption for the **CA3 BACKUP  
GENERATING FACILITY**

**DOCKET NO: 21-SPPE-1**

**VDC STATUS REPORT 3**

---

Vantage Data Centers (VDC), in accordance with the Committee Scheduling Order dated, October 26, 2021 (TN239992), hereby files its Status Report Number 3 for the CA3 Backup Generating Facility (CA3BGF) and CA3 Data Center (CA3DC).

**City of Santa Clara Project Clearance Committee (PCC) Review**

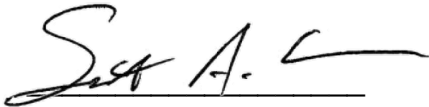

VDC continues to work to close out the PCC review with the City of Santa Clara and anticipates that the most recent submittal addresses all of the last round of comments from the City. VDC does not believe any of the responses to the City for the PCC process affect the environmental topic areas of the Draft EIR.

**Schedule**

As Staff has acknowledged it has all of the information necessary to publish its Draft EIR, VDC encourages Staff to publish the DEIR prior to January 22, 2021. VDC has a tenant and is attempting to meet a construction schedule to meet the tenant's forecasted demand. Publishing the DEIR even a week earlier than January 22, 2021 can expedite the process further assisting VDC in reaching its construction objectives.

Dated: December 21, 2021

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Scott A. Galati", written over a horizontal line.
