Subject: Start of public notice for Campbell Power Plant cooling tower water upgrade project (ATC 26874)

Dear CEC colleagues:

The Sacramento Metropolitan Air Quality Management District is giving notice of a preliminary decision to approve Authority to Construct application A/C 26874 for the modification of a cooling tower located at 3125 47<sup>th</sup> Ave., Sacramento, CA 95824. The modifications are to revise the VOC emission rate and source testing conditions. The application will be processed under the District's enhanced new source review and the permit will be incorporated into the facility's Title V permit as an administrative amendment. Written comments must be received by the District by February 22, 2022.

The evaluation and analysis of the application may be reviewed at the District Office, 777 12<sup>th</sup> Street, STE. 300, Sacramento, California, 95814 or on the links listed below.
