**Subject: ERRATA TO THE DRAFT ENVIRONMENTAL IMPACT REPORT FOR THE CA3
BACKUP GENERATING FACILITY SMALL POWER PLANT EXEMPTION
PROCEEDING (21-SPPE-01)**

In accordance with the Amended General Orders Regarding Motions, Electronic Filing, Service of Documents, and Other Matters, filed on December 24, 2021 (TN 241088), CEC staff hereby submits an errata to the Draft Environmental Impact Report (DEIR) for the CA3 Backup Generating Facility making minor modifications to Mitigation Measure **GHG-2**.

The DEIR accurately shows the proposed wording for GHG-2 in the Summary section, but the mitigation language in the **Greenhouse Gas Emissions Section** does not. This errata makes edits to the text presented in part **4.8.4** of the **Greenhouse Gas Emissions Section** of the DEIR, page 4.8-31, as shown below to correct this inconsistency. Deletions are shown as ~~striketrough~~ and additions are shown as underline text.

GHG-2: The project owner shall use renewable diesel as the primary fuel for the emergency backup generators to the maximum extent feasible, and only use ultra-low sulfur diesel (ULSD) as a secondary fuel in the event of supply challenges or disruption in obtaining renewable diesel. If testing confirms that use of this fuel will not result in emissions that would cause the project to exceed applicable thresholds after any available mitigation for such emissions has been applied, ~~the~~ The project owner shall ensure that renewable fuels are used for a minimum of at least 44 percent of total energy use by the emergency backup generators by December 31, 2024; 52 percent by December 31, 2027; and 60 percent by December 31, 2030. Renewable fuels shall be used for 100 percent of total energy use by the emergency backup generators by December 31, 2045. The project owner shall provide an annual report of the status of procuring and using renewable diesel to the director ~~Director~~, or director's ~~Director's~~ designee, of the city ~~City~~ of Santa Clara Planning Division demonstrating compliance with the mitigation measure.

This minor change does not change any of the conclusions in the DEIR that the project, with the proposed mitigation, would not result in any significant adverse impacts to the environment. The edits in **GHG-2** assist California's efforts to achieve the statewide 2030 or 2045 emissions reduction goals and would also be consistent with the Bay Area Air Quality Management District's Bay Area 2017 Clean Air Plan measure to Decarbonize Electricity Generation (EN1). With these changes, the text of GHG-2 in Section 4.84 of

the DEIR matches the text of GHG-2 presented in the Summary section of the DEIR on page 1-10 and accurately reflects staff's proposal.

Further, this errata replaces the Mailing List, attached to the DEIR as Appendix D, with a corrected mailing list for the CA3 Backup Generating Facility. The Mailing List originally attached to the DEIR was generated in error; this errata inserts the correct Mailing List, the same one used to generate direct mailings for CA3.

ATTACHMENT 1

Appendix D: Mailing List

The following is the mailing list for the CA3 Backup Generating Facility.

The following is a list of the State agencies that received State Clearinghouse notices and documents:

- California Air Resources Board (CARB)
- California Highway Patrol
- Caltrans Division of Aeronautics
- Caltrans Planning
- California Department of Conservation
- Delta Protection Commission
- Office of Historic Preservation
- Office of Public School Construction
- California Department of Parks & Recreation
- California Department of Resources Recycling and Recovery
- San Francisco Bay Conservation & Development Commission
- State Lands Commission
- California Department of Water Resources

Table D-1 presents the list of occupants and property owners contiguous to the project site.

Table D-2 presents the list of property owners within 1,000 feet of the project site and 500 feet of the project linears.

Table D-3 presents the list of agencies, including responsible and trustee agencies and libraries.

Table D-4 presents the list of interested parties including environmental justice and community-based organizations.
