NOTICE OF REMOTE ACCESS
WORKSHOP

RE: Proposed Design of the California
Automated Permit Processing
(CalAPP) Program

Notice of Rescheduled Staff Workshop on the Proposed Design of the California Automated Permit Processing (CalAPP) Program February 8, 2022 9:00 a.m. – 11:00 a.m. Remote Access Only

California Energy Commission (CEC) staff are facilitating a workshop to solicit comments on the proposed program design for the California Automated Permit Processing (CalAPP) Program. This workshop was originally scheduled for January 12, 2022. The CalAPP program will provide funding to enable and support cities and counties to establish automated online solar permitting, including the adoption of *SolarAPP+* and potentially other automated permit processing systems. *SolarAPP+* is a standardized plan review software that can run compliance checks and process building permit approvals for eligible rooftop solar systems.

The workshop is being held remotely, consistent with Governor Newsom's Executive Order N-1-22 to improve and enhance public access to state agency meetings during the COVID-19 pandemic. The public can participate in the workshop consistent with the direction below. The CEC aims to begin promptly at the start time, and the end time is an estimate.

Agenda

Staff are presenting the CEC's proposed design and implementation plan for the CalAPP funding program, including information about eligible applicants, eligible costs, and funding application and award structure. The workshop will include an opportunity for public comment.

Workshop topics include:

- CalAPP Program Overview
- Guest Presentation from National Renewable Energy Laboratory

- Program Design Proposals
 - Eligibility requirements
 - Funding award structure
 - Allowable costs
 - Application and participation process
 - Administration
- Question and Answer period
- General Public Comment
- Next Steps

Workshop materials will be posted prior to the workshop on the [CalAPP Program webpage](https://www.energy.ca.gov/calapp) at <https://www.energy.ca.gov/calapp> and to the CalAPP Program Docket.

Background

Senate Bill 129 (Skinner, Budget Act of 2021) authorized \$20 million from the General Fund to the CEC to support a grant program for cities, counties, or cities and counties to establish online solar permitting. Funds are available for encumbrance until June 30, 2023, and available for liquidation until June 30, 2027.

Remote Attendance

Remote access is available by internet or call-in options. Participants may join by logging in via [Zoom™](https://zoom.us/) at <https://zoom.us/>, entering the unique webinar ID and passcode for the workshop and following all prompts.
