Hello CEC Gas Grid R&D Workshop Team,

I am writing to request an extension for the 16-PIER-01 comments due today at 5 pm. This workshop heavily involves hydrogen and since the publication of the materials last week, our industry representatives have not had sufficient time to gather proper feedback for the workshop's inquiries. The CHBC, a trade association of over 135 hydrogen industry members, respectfully requests the comment deadline be extended by at least 2 days.

Thank you for your consideration.

Best,

Sara Fitzsimon, J.D.

Policy Director

California Hydrogen Business Council
