***IN THE MATTER OF THE
EL SEGUNDO ENERGY CENTER
AMENDMENT***

Docket No. 00-AFC-14C

REVISED COMMITTEE SCHEDULING ORDER

Background

On April 23, 2013, El Segundo Energy Center, LLC (ESEC) submitted a Petition to Amend the California Energy Commission's February 2, 2005, Final Decision approving the El Segundo Energy Center. The ESEC recently completed construction and is operating. It is located within the footprint of the existing El Segundo Generating Station (ESGS) first established in the 1950s, inside the southernmost boundary of the city of El Segundo on the coast of the Pacific Ocean, between Dockweiler State Beach and the city of Manhattan Beach, in Los Angeles County.

The Petition to Amend proposes the demolition and replacement of ESGS utility boiler Units 3 and 4 with a new combined cycle generator, a steam turbine generator, and two simple-cycle gas turbines. Unit 3 was shut down on July 23, 2013 and Unit 4 is operating. The current Unit 4 use of seawater for once-through cooling will be eliminated. The petitioner, ESEC, LLC, has stated that additional proposed changes will upgrade and improve the ESEC's existing and approved site infrastructure and improve coastal access.

The Energy Commission assigned this Committee of two Commissioners to conduct proceedings on the amendment. The Committee held a public Site Visit, Environmental Scoping Meeting, and Informational Hearing in El Segundo on August 13, 2013, to discuss the review process and to identify issues that could affect the schedule.

Schedule

The attached Committee Schedule is based on the parties' status reports. The Committee may modify the schedule at any time upon either its own motion or that of a party. (Cal. Code Regs., tit. 20, § 1709.7 (c).)

Status Reports

The attached schedule requires status reports to be submitted by all parties. Those status reports shall inform the Committee whether or not case development is progressing satisfactorily, and bring potential schedule delays and other relevant matters to the Committee's attention.

Status Reports and any other documents **must be electronically filed no later than 3:00 p.m.**, on the due date. Status reports must contain "Docket No. 00-AFC-14C" in the caption or heading. Status reports must be e-filed according to the ***Revised General Orders Regarding Electronic Document Formats, Filing and Service of Documents and Other Matters*** which was posted on October 23, 2013, at:

Public Adviser and Public Participation

The Energy Commission invites members of the public and other interested parties to participate either on an informal basis or by intervening in the proceeding. Both types of participation allow written and oral comments. At the informal participation level, written and oral public comments are considered by the Commissioners and are part of the record, but are not part of the formal evidentiary record. Intervenors have the right to introduce evidence into the evidentiary record and cross-examine the other parties' witnesses.

The Energy Commission's Public Adviser's Office is available to provide the public with an understanding of a proceeding and to make recommendations for meaningful participation. For assistance, contact the Public Adviser's Office at (916) 654-4489 or (800) 822-6228 or e-mail at: publicadviser@energy.ca.gov.

Contact Information

Questions of a legal or procedural nature should be directed to Raoul Renaud, the Hearing Adviser, at (916) 651-2020, or e-mail at: raoul.renaud@energy.ca.gov.

Technical questions concerning the project should be addressed to Christine Stora, Staff Compliance Project Manager, at: (916) 654-4745, or e-mail at: christine.stora@energy.ca.gov.

Media inquiries should be directed to the Office of Media and Public Communications at (916) 654-4989, or e-mail at: mediaoffice@energy.ca.gov.

Information concerning the status of the project, as well as notices and other relevant documents, may be viewed on the Energy Commission's Internet web page at: <http://www.energy.ca.gov/sitingcases/elsegundo/index.html>.
