CEC-70 (Revised 11/2021)

*IN THE MATTER OF:*

*SB 100 Implementation: Planning for SB 100  
Resource Build*

Docket No. 21-SIT-01

NOTICE OF REMOTE-ACCESS  
WORKSHOP

RE: SB 100 Resource Build

**Notice of Joint Agency Workshop to Plan for Senate Bill 100  
Resource Build – Analysis of Land Use Implications  
February 22, 2022**

Start Time 1:00 p.m. - 4:30 p.m.

**Remote Access Only**

The California Energy Commission (CEC) will conduct a workshop in collaboration with the California Public Utilities Commission (CPUC) and the California Independent System Operator (California ISO) to discuss approaches for examining the environmental and land use implications of potential resource portfolios to meet Senate Bill 100 (SB 100, De León, Chapter 312, Statutes of 2018) targets.

A quorum of CEC commissioners may participate, but no votes will be taken. Commissioners from the CPUC may also attend. If CPUC commissioners are present at the workshop, the CPUC's rules governing ex parte contacts with commissioners and their staff remain in effect although this is a CEC-initiated and noticed workshop.

The workshop will be held remotely, consistent with Assembly Bill 361 (AB 361, Rivas, Chapter 165, Statutes of 2021) as extended by Governor Newsom's Executive Order N-1-22 to improve and enhance public access to state agency meetings during the COVID-19 pandemic. The public can participate in the workshop consistent with the direction provided below.

### **Agenda**

This workshop will focus on how environmental and land use implications of potential resource portfolios can be incorporated into the SB 100 analysis. The workshop will include presentations from the CEC, CPUC, and California ISO covering the status of resource and transmission planning and coordination on land use. The workshop will also include panel discussions with

representatives from various entities that will share their perspectives on land use implications and transmission planning. The agenda will include opportunity for public comment.

A detailed meeting schedule will be posted prior to the workshop at CEC E-filing [Docket Number 21-SIT-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01), at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01>.

## **Background**

The 100 Percent Clean Energy Act of 2018 (SB 100, De León, Chapter 312, Statutes of 2018) establishes a target for renewable and zero-carbon resources to supply 100 percent of retail sales and electricity procured to serve all state agencies by 2045. SB 100 requires the CEC, CPUC, and California Air Resources Board to develop and submit a joint-agency report to the legislature by January 1, 2021, and at least every four years thereafter. The final joint-agency report published on March 15, 2021, makes two key land-use-related recommendations: (1) analyze projected land-use impacts of scenarios and opportunities to reduce environmental impacts in future analyses; and (2) include non-energy benefits, such as land use impacts, public health, and air quality, as well as social costs in future analyses. Further, the report states that future system modeling and land-use impacts must be coordinated with the Climate Smart Strategy called for in Executive Order N-82-20 and the AB 32 Scoping Plan. This workshop will scope analyses to address the recommendations.

In August 2021, the CEC released the SB 100 Starting Point Scenario and Map to support the California ISO's 20-year Transmission Outlook document.<sup>12</sup> The Starting Point Scenario (including supporting documents) provides information for a wide range of potential transmission needs driven by a combination of potential resource opportunities. Environmental data was applied to inform development of the Starting Point Scenario, as described in the August 12, 2021, workshop on resource mapping.<sup>3</sup>

## **Remote Attendance Instructions**

The workshop may be accessed by clicking the Zoom link below or visiting [Zoom](https://join.zoom.us) at <https://join.zoom.us> and entering the ID and password for the workshop listed below. If you experience difficulties joining, contact Zoom at (888) 799-9666 ext. 2, or the Public Advisor at [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov) or at (916) 957-7910.

## **Workshop Password: 030917**

Use the "raise hand" feature to indicate you want to speak and the event facilitator will indicate when your line is open and ready for you to make comment.

**To Participate by Telephone**, dial (877) 853-5257 or (213) 338 8477. When prompted, enter the ID: 982 7501 6764. To comment, dial \*9 to "raise your hand" and \*6 to mute/unmute your phone line.

**Zoom's closed captioning service** will be enabled for the meeting. Attendees can use the service by clicking on the "live transcript" icon and then choosing either "show subtitle" or "view full transcript". The closed captioning service can be stopped by exiting out of the "live transcript" or selecting the "hide subtitle" icon. Closed captioning cannot be exited by phone.

### **Public Comment**

**Oral comments** will be accepted at the end of the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. If participating via Zoom's online platform, use the "raise hand" feature so the administrator can announce your name and unmute you. If you are participating by telephone, press \*9 to "raise your hand" and \*6 to mute/unmute.

**Written comments** must be submitted to the Docket Unit by 5:00 p.m. on Thursday, March 10, 2022.

Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

The CEC encourages use of its electronic commenting system. Visit the [e-commenting page](https://efiling.energy.ca.gov/EComment/Ecomment.aspx?docketnumber=21-SIT-01) at <https://efiling.energy.ca.gov/EComment/Ecomment.aspx?docketnumber=21-SIT-01>, which links to the comment page for this docket. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft® Word or Adobe® Acrobat®. The maximum file size allowed is 10 MB.

Written comments may be submitted by email. Include docket number 21-SIT-01 and *SB 100 Implementation Workshop: Planning for SB 100 Resource Build* in the subject line and email to [docket@energy.ca.gov](mailto:docket@energy.ca.gov). A paper copy may also be sent to:

California Energy Commission  
Docket Unit, MS-4  
Docket No. 21-SIT-01  
715 P Street  
Sacramento, California 95814

### **Public Advisor and Other CEC Contacts**

The CEC's Public Advisor provides the public with assistance in participating in CEC proceedings. For information about how to participate in this workshop or to request interpreting services or other reasonable modification and accommodations, reach out by phone at (916) 957-7910 or via email at [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov). Requests should be made for interpreting services, reasonable modifications and accommodations as soon as possible but at least five days in advance of the workshop. However, the CEC will work diligently to meet all requests based on the availability of the service or resource requested.

**Direct media inquiries** to [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov) or (916) 654-4989.

**Direct technical subject inquiries** to Erica Brand at [erica.brand@energy.ca.gov](mailto:erica.brand@energy.ca.gov) or (916) 776-0810.

**Direct general inquiries** regarding the workshop to Erica Brand at [erica.brand@energy.ca.gov](mailto:erica.brand@energy.ca.gov) or (916) 776-0810.

### **Availability of Documents**

Documents and presentations for this meeting will be available at [CEC Efiling Docket Number 21-SIT-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01), at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01>.

When new information is posted, an email will be sent to those on the list servers noted below. To receive these notices, subscribe at [CEC List Servers](https://ww2.energy.ca.gov/listservers/index cms.html), at <https://ww2.energy.ca.gov/listservers/index cms.html>.
