Joint Agency Workshop to Plan for Senate Bill 100 Resource Build – Analysis of Land Use Implications

On February 22, 2022, the California Energy Commission (CEC) conducted a workshop in collaboration with the California Public Utilities Commission (CPUC) and the California Independent System Operator (CAISO) to discuss a 2040 Starting Point Scenario and approaches for examining the environmental and land use implications of potential resource portfolios to meet Senate Bill 100 (SB 100, De León, Chapter 312, Statutes of 2018) targets.

Workshop Summary

- CPUC presentation on land use analysis and coordination in IRP-related activities
- CEC presentation on 2040 SB 100 starting point scenario and considering land use implications in SB 100 planning
- CAISO presentation on draft 20-year transmission outlook
- Panel 1: Perspectives on the 2040 SB 100 Starting Point Scenario and Next Steps to Plan for the Resource Build
- Panel 2: Perspectives on Considering Land Use in SB 100
