Submission Date:	3/14/2022 12:06:16 PM
Docketed Date:	3/14/2022

2022 Energy Code Compliance Software – Alpha Versions Available

California Energy Commission (CEC) staff posted Alpha versions of the 2022 California Energy Code Compliance (CBECC) public domain compliance software, CBECC-Res and CBECC. These Alpha versions incorporate 2022 Energy Code updates and are provided as research versions for public review and comment.

CBECC-Res is the state's public domain energy code compliance software for single family residential buildings. CBECC-Res 2022.0.6 Alpha contains updated standard designs based on the adopted 2022 Energy Code for single family residential buildings, 2022 time dependent valuation factors, 2022 hourly source energy factors, and 2022 weather data. Some of the 2022 Energy Code updates are not in this Alpha version and will be released in a future Beta version release. For details on what is contained in this release and to download CBECC-Res 2022.0.6 Alpha, visit the 2022 Energy Code Compliance Software webpage, at https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/2022-building-energy-efficiency-1. For questions and technical support, contact the CBECC-Res support team via email at: cbecc.res@energy.ca.gov.

CBECC is the state's public domain energy code compliance software for nonresidential and multifamily residential buildings. CBECC 2022.0.7 Alpha contains updated standard designs based on the adopted 2022 Energy Code for nonresidential and multifamily residential buildings, 2022 time dependent valuation factors, 2022 hourly source energy factors, and 2022 weather data. Some of the 2022 Energy Code updates are not in this Alpha version and will be released in a future Beta version release. For details on what is contained in this release, a demo video covering the restructured multifamily user interface, and to download CBECC 2022.0.7 Alpha, visit the 2022 Energy Code Compliance Software webpage, at https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/2022-building-energy-efficiency-1. For questions and technical support, contact the CBECC support team via email at: cbecc.com@energy.ca.gov.

For interested parties, the 2022 Energy Code Compliance Software and Supporting Documents Docket has been opened (22-BSTD-02). (https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-BSTD-02). There the public can submit comments for consideration.

The CEC encourages use of its electronic commenting system. Visit the website at: https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=22-BSTD-02
