**NOTICE OF RECEIPT
PETITION FOR POST-CERTIFICATION CHANGE
Hanford Energy Park Emergency Peaker Project (01-EP-07C)**

On March 4, 2022, MRP San Joaquin Energy, LLC (MRP), project owner, filed a petition for a post-certification change (TN#242209) with the California Energy Commission (CEC) for the Hanford Energy Park Emergency Peaker Project (HEPP).

The HEPP is a 95-megawatt project that was certified by the CEC on April 26, 2001 and began commercial operation on September 3, 2001. The facility is located approximately three miles south of the City of Hanford in Kings County.

SUMMARY OF PROPOSED CHANGES

The requested petition would allow for the installation of a 115-kilovolt (kV) cable interconnection from the adjacent Hanford Battery Energy Storage System (BESS) project to an interconnection point with the HEPP interconnection facilities on the HEPP parcel. The planned Hanford BESS is a separate, non-jurisdictional facility from the HEPP and is located on a separate parcel to the west of the HEPP.

For additional information, the [CEC's project webpage](https://www.energy.ca.gov/powerplant/simple-cycle/hanford-peaker-plant), <https://www.energy.ca.gov/powerplant/simple-cycle/hanford-peaker-plant>, has a link to the petition accessible through the webpage in the box labeled "Compliance Proceeding." Click on the "Docket Log" option.

REVIEW PROCESS

This petition is reviewed pursuant to California Code of Regulations, title 20, section 1769. The review process includes an evaluation of the effect the change could have on the environment; the project's compliance with applicable laws, ordinances, regulations, or standards; and whether a change to, or deletion of, any condition of certification adopted by the CEC in the final decision or subsequent amendments is required.

After staff has completed its independent review and analysis of this petition, the assessment will be published for public review and comment. Staff will include in the staff analysis a written notice of its intent to either process the proposed

changes as a staff-approved project change or schedule it for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

This notice of receipt is being mailed to the CEC's HEPP mailing list of interested agencies, the public, and property owners that requested placement on the mailing list as well as to property owners within 1,000 feet of the facility site and 500 feet of the facility linear features (for example, pipeline). The notice is also being sent to the HEPP list serve. The list serve is an automated CEC system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the [CEC's project webpage](#), cited above, scroll down the right side of the project webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition or the staff analysis when publicly available. The CEC encourages the use of its electronic commenting system. To use the CEC's electronic commenting feature, go to the [CEC's project webpage](#), cited above, click on the "[Submit e-Comment](#)" link, and follow the instructions in the online form. Be sure to include the facility name in your comments.

Written comments, attachments, and associated contact information (for example, address, phone number, email address) become part of the viewable public record. This information may also become available via any internet search engine.

Written comments may also be mailed to:
