OIR-21-03 1623(d) strikeout

Additional submitted attachment is included below.

OIR-21-03 1623(d) strikeout

1623(d) strikeout appears in the Proposed Regulatory Language in TN241068 and Proposed Regulatory Lnaguage TN242564

1623(d) appears as a strikeout shown below.

(3) Each utility and CCA shall conduct a public information program to inform and educate the affected customers why marginal cost-based rates and automation are needed, how they will be used, and how these rates can save the customer money.

~~(d) Compliance. A utility shall be in compliance with this standard if all of the utility's rate applications are prepared in accordance with the provisions of subsection (b) above, and the utility provides informational copies of its applications to the Commission.~~

Note: Authority cited: Sections 25132, 25213, ~~and~~ 25218(e), and 25403.5, Public Resources Code. Reference: Sections 25132 and 25403.5, Public Resources Code.

§ 1624. Swimming Pool Filter Pump Load Management Standard. – No Changes.

§ 1625. Non-Residential Load Management Standard. – No Changes.

Strikeout is only to be used, pursuant to Government Code - GOV 11346.2.(a)(3) to indicate deletions from, the California Code of Regulations.

1623(d) does not appear in the official 1623. Load Management Tariff Standard.

What is the source of 1623(d) strikeout in the proposed regulations documents?

Please clearly indicate the status 1623(d) strikeout in the express terms of the proposed regulatory language. Do so in a timely manner that allows further public comment that requires staff response in the rulemaking.

To be coherent and easily readable, strikeouts should proceed replacements and done on complete sentences, not word by word, re GOV-11346.2(a)(1)?

When proposed regulations are made coherent and easily readable, other errors such as using (a) when (A) [1621(e)(2)(A)] is required will be discovered and corrected prior to publication as well.
