Mr. John Heiser
Compliance Project Manager
California Energy Commission
1516 Ninth Street, MS-15
Sacramento, CA 95814

**Subject: Solar Energy Generating System (SEGS) VIII (88-AFC-01C),
D-BIO-2 Desert Tortoise Fencing Maintenance**

Dear Mr. Heiser:

As identified in SEGS VIII decommissioning condition D-BIO-2 (pasted below for reference), the Project Owner, Luz Solar Partners, Ltd., IX, an indirect wholly owned subsidiary of Terra-Gen, LLC, herein confirms that the desert tortoise fence that is in place for SEGS VIII will continue to be maintained for the life of the future PV Project.

***D-BIO-2:** The desert tortoise fence that is in place will continue to be maintained during decommissioning activities and for the life of the future PV Project.*

***Verification:** The Designated Biologist shall monitor the viability of the desert tortoise fencing during decommissioning activities, and the project owner shall ensure that necessary repairs are made promptly. The condition of the fence shall be reported on in the BRMIP, per BIO-6 Verification requirements. Any major damage, such as blowouts due to rain events shall be reported to the CEC CPM within two business days and accompanied by photos and a written report*

Sincerely,

Amy Fuller, Permitting Director
Terra-Gen
