Letter of Support for SDSU Brawley Expansion - Imperial Valley College

Additional submitted attachment is included below.

IMPERIAL VALLEY COLLEGE

380 E. Aten Road, Imperial, California 92251
(760) 352-8320 • FAX (760) 355-2663

The Honorable Governor Gavin Newsom
1021 O Street, Suite 9000
Sacramento, CA 95814

April 21, 2022

Dear Governor Newsom,

I am pleased to provide this letter in support of San Diego State University's expansion plan for an Innovation District and STEM programs on the Brawley campus. I urge you to include SDSU's \$80M request for a STEM building to support workforce needs related to lithium extraction in the Lithium Valley Budget Package.

Brawley's proximity to the Salton Sea and the lithium extraction operations create an ideal location for STEM research and curriculum. Educational programming that can support the alternative fuel industries interested in investing in the Imperial Valley would have a significant economic impact on the city and region. This type of project supports the vision outlined in the Imperial County Comprehensive Economic Development Strategy that calls for training and job opportunities that help bolster economic growth in the region. A dedicated pipeline for students to receive the training to fulfill the workforce needs would have a transformative effect. Expanding STEM capabilities at the Brawley campus would allow for students to complete their education without commuting to the San Diego campus and would also allow for additional student enrollment.

Imperial Valley College believes that this project will be a catalyst for future growth and development in the region. I strongly support San Diego State University and look forward to strengthening our community partnership for the betterment of the Imperial Valley. If you have any questions, please contact me in my office at lennor.johnson@imperial.edu or at (760) 355-6219.

Sincerely,

Lennor Johnson (Apr 20, 2022 12:49 PDT)
