Docket 19-SPPE-04

Robert Sarvey's Prehearing Conference Statement

1) The subject areas that are complete and ready to proceed to Evidentiary Hearing.

All subject areas are complete.

2) The subject areas upon which any party proposes to introduce testimony in writing rather than through oral testimony.

None.

3) The subject areas that are not complete and not yet ready to proceed to Evidentiary Hearing and the reasons therefor.

All subject areas are complete.

4) The subject areas that remain disputed and require adjudication, the issues in dispute, and the precise nature of the dispute for each issue.

There are no disputes.

5) The identity of each witness the party intends to sponsor at the Evidentiary Hearing, the subject area(s) about which the witness(es) will offer testimony, whether the testimony will be oral or in writing, a brief summary of the testimony to be offered by the witness(es), qualifications of each witness, and the time required to present testimony by each witness.

None

6) Subject areas upon which the party desires to question the other parties' witness(es), a summary of the scope of the questions (including questions regarding witness qualifications), the issue(s) to which the questions pertain, and the time desired to question each witness. (Note: a party who fails to provide, with specificity, the scope, relevance, and time for questioning the witness of another party risks preclusion from questioning the witness on that subject area.)

I would reserve the right to ask follow up questions from testimony received at the evidentiary hearing related to the committee questions or issues that arise during the hearing.

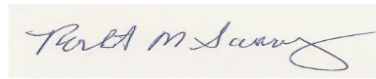

7) A list identifying exhibits with TN that the party intends to offer into evidence during the Evidentiary Hearing and the technical subject areas to which they apply (see below for further details on Exhibit Lists.)

None

8) Proposals for briefing deadlines or other scheduling matters.

No suggestions.
