To: California Energy Commission

Several HERS providers are now offering permit services to HVAC contractors. This requires a HERS inspector to be an authorized agent of the HVAC contractor.

In my opinion, this is a conflict of interest and should not be allowed.

Please see attached letter dated February 18, 2016, from the California Building Officials (CALBO) to California Energy Commission regarding the appearance of a conflict of interest with HERS Inspectors.

Thank You ...
