Re: CALCTP Repeated Application for Confidential Designation

Dear Docket Unit:

I am writing on behalf of ICF, a program administrator for the California Advanced Lighting Controls Training Program (“CALCTP”) (“Applicant”) to submit this repeated application¹ for confidential designation of certain specified Acceptance Test Curriculum Materials, CALCTP compliance forms, and Test Questions as 2022 amendments to CALCTP’s Acceptance Test Technician Certification Provider Application to become a Lighting Control Acceptance Test Technician Certification Provider under California Code of Regulations, Title 24, Part 6, § 10-103-A (“Amended Lighting Control ATTCP Application”). These documents are submitted under Docket 13-ATTCP-01.

On November 26, 2013 the CEC granted confidentiality for curriculum and testing materials as part of the Applicant's efforts to become a Lighting Controls Acceptance Test Technician Certification Provider. The confidential material consists of training modules addressing various technical areas an Acceptance Technician would need to demonstrate competence in before being certified. This material was updated in 2016 and was again granted confidentiality.

On June 26, 2022 CALCTP submits the following CALCTP ATTCP Curriculum Update materials to reflect changes in the 2022 edition of Title 24 and to make various editorial improvements in the curriculum, along with a request for confidentiality for these documents:

1. CALCTP - AT V4 Technician Certification Curriculum – Clean, XX pages
2. CALCTP - AT V4 Technician Certification Curriculum – Redline, XX pages

¹ Cal. Code Regs., tit. 20, § 2505(a)(4) (repeated applications for confidential designation).

3. CALCTP – AT V4 Technician Certification Lab Activities _ Clean, 34 pages
4. CALCTP – AT V4 Certification Lab Activities Redline, 37 pages
5. CALCTP – AT V4 Classroom Exercises – New, 45 pages
6. CALCTP - AT V4, Quizzes and Test Bank, Clean, 24 pages
7. CALCTP - AT V4, Quizzes and Test Bank, Redline, 24 pages
8. CALCTP – AT V4, Technical Recertification – Clean, 120 pages
9. CALCTP – AT V4, Technical Recertification – Redline, 121 pages
10. CALCTP - AT V4. Technical Recertification – New Exercise, 34 pages
11. CALCTP - AT V4, Recertification Quizzes and Test Bank, Clean, 9 pages
12. CALCTP - AT V4, Recertification Quizzes and Test Bank, Redline, 6 pages
13. CALCTP - AT V4 – Employer Recertification Clean, 112 pages
14. 3 CALCTP - AT V4 – Employer Recertification Redline, 117 pages
15. CALCTP NRCA-LTI-02-A form, 9 pages
16. CALCTP NRCA-LTI-03-A form, 8 pages
17. CALCTP NRCA-LTI-04-A form, 11 pages
18. CALCTP NRCA-LTI-05-A form, 5 pages
19. CALCTP NRCA-LTI-02-A form, 4 pages

As stated above, on November 13, 2013, the Executive Director of the California Energy Commission granted confidential status to the CALCTP ATTCP Curriculum materials, including online proprietary NRCA forms, and test bank questions. Per my communication with the CEC, we don't need to resubmit a confidential application each code cycle just reference our initial confidentiality application and provide title and page numbers of the materials to remain confidential

Please contact me right away if there if there is any question as to which documents are to be kept confidential.

I certify under penalty of perjury under the laws of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the Applicant.²

Sincerely,

Mark V. Ouellette
ICF
