RENEW, All energy customers in the state, 22-01

RENEW, All energy customers in the state, 22-01

Pursuant to PRC section 25792, Eligible recipients shall include all energy customers in the state.

Perhaps an event where a shortage of natural gas will cause reliability issues has been over looked?

Natural gas customers (energy customers) are not included in the guidelines as eligible recipients.

Requiring a DSGS Provider will exclude energy customers in the state that are otherwise eligible recipients by statute.

Please remove the requirement that a participant be enrolled in the program through a DSGS provider.
