

DOCKETED	
Docket Number:	01-AFC-19C
Project Title:	SMUD Cosumnes Power Plant - Compliance
TN #:	244288-31
Document Title:	Outline of CPP Biological Resources Mitigation Implementation Plan - Appendix 8_2D
Description:	N/A
Filer:	Patty Paul
Organization:	Ch2mhill/Carrier
Submitter Role:	Applicant Consultant
Submission Date:	8/1/2022 5:08:59 PM
Docketed Date:	8/1/2022

APPENDIX 8.2D

Outline of CPP Biological Resources Mitigation Implementation Plan

Appendix 8.2D

***Draft* Biological Resources Mitigation
Implementation and Monitoring Plan**

**For Cosumnes Power Plant, Sacramento
County, California**

Prepared for
Sacramento Municipal Utilities District

6201 S Street
Sacramento, CAS 95852-1830

September 2001

Section

Introduction.....		1-5
1.1	Background	1-5
1.2	Project Site Location.....	1-6
1.3	Project Description	1-6
1.4	Purpose of the BRMIMP	1-7
Responsible Individuals.....		2-1
2.1	California Energy Commission Compliance Project Manager.....	2-1
2.2	CPP Compliance Manager	2-1
2.3	Designated Biologist.....	2-2
2.4	Biological Monitor.....	2-3
2.5	Regulatory Agency Personnel.....	2-4
Conditions of Certification.....		3-1
Mitigation Measures for Sensitive Biological Resources within the Implementation Areas		4-1
4.1	Worker Environmental Awareness Training	4-1
4.2	Plan Modification Process.....	4-2
4.3	Cosumnes Power Plant Site	4-2
4.3.1	Project Activities; Site Preparation	4-2
4.3.2	Construction Restrictions on Project Site.....	4-2
4.3.3	Permits Required at the Project Site	4-3
4.3.4	Special-Status Species at Project Site	4-3
4.4	Wetlands Protections	4-4
4.4.1	Project Activities: Site Preparation and Stormwater Outfall	4-4
4.4.2	Construction Restrictions Near Wetlands	4-5
4.4.3	Permits Required for Construction Near Wetlands	4-6
4.4.4	Special-Status Species Near Wetlands	4-6
4.4.5	Protection for Vernal Pool Species.....	4-7
4.4.6	Protection for Nesting and Foraging Birds and Avian Collisions	4-7
4.4.7	Protection of Fish and Aquatic Species.....	4-8
4.4.8	Erosion Control and Revegetation of Disturbed Areas	4-8
4.5	Gas-Supply Corridor Protection	4-9
4.5.1	Project Activities: Gas Pipeline HDD and Open-Cut Trenching.....	4-9
4.5.2	Construction Restrictions.....	4-10
4.5.3	Permits Required.....	4-10
4.5.4	Special-Status Species	4-11
4.5.5	Protection for Vernal Pool Species	
4.5.6	Protection of Riparian Habitats.....	4-13
Implementation Schedule		5-1

Implementation Monitoring/Verification Program..... 6-1
References..... 7-1

Appendices

A Designated Biologist Qualifications
B Worker Environmental Awareness Training Program
C Plan Modification Process
D Erosion Control and Revegetation Plan
E Contingency Plan for Horizontal Directional Drilling
F Avian Collision Monitoring Plan for Cosumnes Power Plant Project and HRSG Stack Impacts
