Subject: Natural Gas Pipeline Extension to the Rancho Seco Energy Center

Dear Larry,

CH2MHill is assisting Sacramento Municipal Utility District permit a natural gas pipeline extension from the Rancho Seco Energy Center across Hwy 99 to Carson Cogen Just south of Sacramento. Please find attached a set of USGS maps showing the study area.

To facilitate and identification of fatal flaw environmental constraints, we would appreciate your checking the Sacred Lands Files to see if there are any culturally sensitive areas within the immediate study area as shown on the attached USGS maps. The project area lies in (T7N, R5E, T6N, R5E, T6N, R6E, T6N, R7E, and T6N, R8E)

We would also like to receive a list of MLD's appropriate for this geographic area since we will attempt to contact local Indian groups to solicit their written input/concerns about the project. Thanks again for your cooperation and assistance. We are on a tight time frame and request your earliest possible reply. My fax number is 541-752-0276.

Sincerely,

CH2MHill

Alicia Bergstad  
Cultural Resource Specialist

RE: Proposed Natural Gas Pipeline Extension to the Rancho Seco Energy Center, Sacramento, County.

Sent By Fax: (541) 752-0276  
Pages Sent: 2

Dear Ms. Bergstad:

A record search of the sacred lands file has failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the sacred lands file does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Enclosed is a list of Native Americans individuals/organizations who may have knowledge of cultural resources in the project area. The Commission makes no recommendation or preference of a single individual, or group over another. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated, if they cannot supply information, they might recommend other with specific knowledge. A minimum of two weeks must be allowed for responses after notification.

If you receive notification of change of addresses and phone numbers from any these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact me at (916) 653-4038.

Sincerely,

  
Debbie Pilas-Treadway  
Environmental Specialist III
