APPENDIX 8.8A

Records of Conversations

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Bill La Plante,
Superintendent
Galt Joint Union High School
District

Phone No.: 209-745-0249
Date: May 15, 2001

Call From:
Time: 03:32 PM

Message
Taken By: John O'Connor
Subject: School enrollment

Spoke with Mr. La Plante requesting enrollment data for the school district. He emailed an MS Excel (SAB50-010203.xlt) file that had the relevant data. Mr. La Plante walked me through the spreadsheet to identify the enrollment data I was looking for as well as indicating where the school's capacity can be found and future enrollment projections.

The school is currently over-capacity, current enrollment of 1,874 is greater than the capacity of 1,517.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Debbie Seibel Galt Joint Union High School

Phone No.: 209-745-3061 Date: May 16, 2001

Call From: Time: 03:55 PM

Message

Taken By: John O'Connor

Subject: School Development Fee

Spoke with Debbie Seibel, she indicated the fee per square foot for commercial development is \$.33/sqft. I asked if SMUD would be exempt and she indicated that as far as she knew they would not be exempt. Suggested that the State Department of Education would be who I would talk to to get a definitive answer. Gave the name: Fred @ 916-327-7148

Message:
Hello Rosa,

We spoke on the phone regarding my request for San Joaquin County budget information. I am interested in the counties funding statement by major revenue source as well as the counties financing requirements by major function category, for the fiscal years 1998/99 and 2000/01.

If possible please fax this information to 916 614 3509.

Otherwise my address is

CH2M HILL
2485 Natomas Park Drive
Suite 600
Sacramento CA, 95833

If you have any questions I can be reached at 916-920-0212 x309

Thank you,

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Michelle Donohue California Hotel and Motel Association

Phone No.: 916-444-5780 **Date:** 5/17/2001

Call From: **Time:** 9:30

Message

Taken By: John O'Connor

Subject: Hotel/Motel rooms in Sacramento and San Joaquin Counties

Michelle indicated there are approximately 214 properties and a total of 12,589 rooms in the 2-County region. She sent a fax that showed occupancy rates for 2000 year end at 69.7 percent for Stockton and 67.2 percent for Sacramento.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Robert P. David, Regional Vice President
Hospital Council of Northern and Central California

Phone No.: 916-552-7564
Date: May 17, 2001

Call From:
Time: 11:54 AM

Message

Taken By: John O'Connor

Subject: Hospitals serving Rancho Seco Site

Robert indicated that the nearest hospitals would be Methodist Hospital and Kaiser South, both of which have emergency rooms. Other Hospitals in the area include Lodi Memorial, St. Josephs, and Dameron in Stockton. The major trauma center where head injury or burn victims would be taken is UC Davis Medical Center in Sacramento.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Glen Hendrickson, Fire Chief
Herald Fire Department
Phone No.: 209-748-2322
Date: May 17, 2001
Call From:
Time: 02:52 PM

Message

Taken By: John O'Connor
Subject: Fire protection facilities

Spoke with Chief Hendrickson, he indicated that he is the only full time firefighter, there are between 20-25 volunteers. Total of 12 vehicles including 3 engines, and 2 rescue. The closest fire station is 11620 Clay Station Road and the response time is less than 10 min. Response time from the Herald Station (12746 Ivie Rd) is approximately 15 min.

For medical emergencies the paramedics from Galt Fire Department are dispatched simultaneously. Chief Hendrikson indicated stable patients are essentially taken to whatever hospital they choose, Lodi, Kaiser, and Methodist are all about the same travel time from the site. Trauma patients are taken to UC Davis Medical Center.

5/23/01 called back at 2:00 p.m.

S/W chief Hendrickson, the Herald Fire Department would respond to a level 1 haz mat call and would call in the city of sac for a level 2 or above. Chief Hendrickson indicated that a call involving anhydrous ammonia would represent a level 2. Chief Hendrickson was not sure what Sac fire station would respond to a level 2 hazardous material call.

Chief Hendrickson indicated that unless there were an unusual number of calls out to the site, the plant would not put an unbearable strain on the department's resources.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Dan Drummond, Chief Deputy Sacramento County Sheriff's Department, South Field Services

Phone No.: 916-874-5017 **Date:** May 18, 2001

Call From: **Time:** 11:46 AM

Message

Taken By: John O'Connor

Subject: Law enforcement for project site

Chief Drummond returned by call from yesterday. He indicated the Zone of the South Field Services jurisdiction the Rancho Seco site is within is served by one officer in a patrol car on a 24/7 schedule. In addition there is one Problem Oriented Police (POP) officer that works on a 40 hour per week schedule. The POP officer does not generally respond to service calls.

Due to the size of the zone, and rate of calls to the project site there are no hard data for response times. Time to respond will be driven by the current location of the office on duty when the call is made. For calls involving ongoing crimes other officers that may be closer would be called in. Additionally other officers would be called in for back-up when warranted.

Chief Drummond did not believe the construction or operation of the RSGFPP would put significant drain on the law enforcement resources. His only comment was that due to the secluded nature of the project site, the department would not be able to provide ample security from theft or vandalism, and suggested on-site security might be a good idea if that was not already planned.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Rosa Lee San Joaquin County Administrators Office

Phone No.: 209-468-3211 **Date:** May 23, 2001

Call From: **Time:** 02:16 PM

Message

Taken By: John O'Connor

Subject: San Joaquin County budget information

Spoke to Rosa Lee on 5/17 regarding the San Joaquin County Budget information. She requested I fax her a request. I faxed page 2 of this report on 5/17.

On 5/23 I called back to confirm Rosa's last name with the secretary that answered the phone.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: John Wilson, Superintendent
Arcohe Union Elementary School District

Phone No.: 209-748-2313
Date: May 23, 2001

Call From:
Time: 02:40 PM

Message

Taken By: John O'Connor

Subject: enrollment projects and over-capacity status

Spoke with John Wilson, the superintendent. He indicated the school projects there will be 550 students in the next school year. This represents a slight bump up from what had been slower but steady growth over the past 2-3 years. The 550 students would be the highest ever. They are looking to acquire land and build a new building as they are currently over-capacity. They currently do not have much space for additional portable building on current property, could possibly fit 1 or 2.

Mr. Wilson inquired about our client and the project and I indicated the client was SMUD and that the project was a gas fired power plant. He indicated he had gotten word of this possibility a while back from someone associated with the nuclear facility decommissioning project.

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Forrest Adams Department
City of Sacramento Fire
Phone No.: 916 264-5352 Date: May 23, 2001
Call From: Time: 03:43 PM

Message

Taken By: John O'Connor

Subject: Hazardous Materials call to project site

Forrest indicated that Herald Fire Department would be first on scene. If they determine the situation is beyond their capabilities they secure the site, and call in the City's Hazardous Materials Team. The closest station would be Station 7 miles north of Elk Grove. Estimated response time is 30 min.

They are equipped to handle chemicals listed in the project description (Anhydrous ammonia, sulfuric acid, caustic soda). Under safe operations the proposed project would not be problematic for their department.

Indicated further questions should be directed to Vasques, the Special Operations Chief (916-264-7522)

CH2MHILL TELEPHONE CONVERSATION RECORD

Call To: Jim Murphy

Phone No.: 916 924 0424

Date: June 6, 2001

Call From:

Time:

Message

Taken By: John O'Connor

Subject: Labor availability for South Sacramento county worksite

Mr. Murphy returned my call and indicated that there would be no problem getting workers for a site in Sacramento County. Currently, local workers are commuting to the Bay Area and would like the opportunity to work closer to home. He indicated the majority of the workers would come from an area within a 40 mile radius of Sacramento.
