RE: Sonoma Geothermal Project, Unit 3 (80-AFC-01C): REPEATED APPLICATION FOR CONFIDENTIAL DESIGNATION for the Basis of Design Narrative for the Fire Protection and Life Safety Systems (Revision 1)

Dear Mr. Bohan:

Pursuant to Sections 2501 *et seq.*, of Title 20 of the California Code of Regulations, Geysers Power Company (“GPC”) hereby submits this Repeated Application for Confidential Designations for the Basis of Design Narrative for the Sonoma Geothermal Project, Unit 3, hereinafter “Repeated Application.” The Basis of Design Narrative describes the fire protection and life safety systems designed to protect GPC’s Sonoma Geothermal Project.

By your letter dated February 2, 2022, “the BOD records, which include detailed information about the design and operation of the fire protection and related systems now installed or being installed at Geysers Units 3, 16, 17, 18, 19, and 20 are granted confidential designation for the life of the Geysers or until such time as they may be publicly released.”¹ The BOD records are described as consisting of “[d]raft and final basis of design narratives and recommissioning plan drafts that contain detailed information regarding facility fire protection and wet-down systems.”² This Repeated Application similarly seeks confidential designation for this Basis of Design Narrative for Unit 3 for the life of the geothermal project. This Repeated Application is being submitted because this Basis of Design for Unit 3, dated August 1, 2022, contains information that is substantially similar to the previously submitted information that was granted confidential designation by your February 2nd letter, and all facts and circumstances relevant to the confidentiality remain unchanged.

¹ TN# 241373: *CEC Response Letter Geysers #3 Confidential Application May 25, 2018, Nov 19 and Dec 10 20221, and Jan 10 and 27, 2022*, dated Feb. 2, 2022, at p. 10.

² *Id.* at p. 2.
