**RE: REPEATED APPLICATION FOR CONFIDENTIAL DESIGNATION for the Basis of Design Narrative (Revision 1) for Calistoga Geothermal Project, Unit 19 (81-AFC-01C)**

Dear Mr. Bohan:

Pursuant to Sections 2501 *et seq.*, of Title 20 of the California Code of Regulations, Geysers Power Company, LLC (“GPC”) hereby submits this Repeated Application for Confidential Designations for the Basis of Design (“BOD”) Narrative describing the fire protection and life safety systems designed to protect GPC’s Calistoga Geothermal Project, Unit 19, hereinafter “Repeated Application.” This BOD Narrative for Unit 19 is dated August 4, 2022. This is a revision from the March 25, 2022 BOD Narrative for Unit 19 that was provided to the Commission on March 28, 2022 and approved for confidential designation on April 6, 2022.<sup>1</sup> This August 4, 2022 BOD Narrative also replaces the previously submitted March 25, 2022 version. The August 4, 2022 BOD Narrative is responsive to further comments received from Commission staff after the March 25, 2022 version was submitted.

By your letter dated February 2, 2022, “the BOD records, which include detailed information about the design and operation of the fire protection and related systems now installed or being installed at Geysers Units 3, 16, 17, 18, 19, and 20 are granted confidential designation for the life of the Geysers or until such time as they may be publicly released.”<sup>2</sup> This Repeated Application similarly seeks confidential designation for the BOD Narrative for Unit 19 for the life of the geothermal project. This Repeated Application is being submitted because the Basis of Design Narrative for Unit 19, dated August 4, 2022, contains information that is substantially similar to the previously submitted information that was granted confidential
