## **Nuclear power R&d on iRA**

There is no excuse for the democrats caving into corporate greed and granting subsidies to nuclear power, particularly in California where there are Earthquakes. Still earthquakes. We will

Not allow Diablo cyn to remain in service and kill millions. Nuclear is a total Loss of all levels. expensive, damaging, dangerous and NO Solutions, despite plenty of subsidies, for disposal of the waste.

Killing this planet in order to save Wall Street is patently evil.
