The **Green New Deal** will accelerate climate change and damage our environment unless it expands safe, highly efficient, resource-sipping, CO₂-free nuclear power and stops funding inefficient, resource-gobbling, environment-damaging wind and solar farms, **In response to climate change, Russia, South Korea, Turkey, Argentina, Poland, Japan, Sweden, Finland, India, China, the Czech Republic, Estonia, the Netherlands, France; Slovakia, Hungary, Romania, Gr. Britain, Belarus, Ukraine, the Emirates, Pakistan, Bangladesh, the Philippines and Egypt have approved or are building nuclear plants, and we should, too.**
