## **Do not keep Diablo open**

To Whom it May Concern,

I am writing to urge you not to support efforts to extend the operating life of Diablo Canyon Nuclear Power plant. Trading off a promise that was made to our community 40 years ago because we can't live more simply and more efficiently is unacceptable. I have lived in fear of the plant being right next store my whole life. It is not fair to ask us to live with that fear and an even older plant past 2025. Please reject this!

Sincerely, Amy Sinsheimer
