NEMA Comments to Appliance Regulations Code Cycle Invitation to Submit Proposals

The National Electrical Manufacturers Association (NEMA) appreciates the opportunity to provide the enclosed proposals for the Rulemaking for Appliance Efficiency Regulations (Title 20).

As you may know, NEMA is the trade association of choice for the electrical manufacturing industry. Founded in 1926 and headquartered near Washington, D.C., its approximately 450 member companies manufacture products used in the generation, transmission and distribution, control and end-use of electricity. These comments are submitted on behalf of NEMA Lighting Systems Division member companies.

Thank you for your consideration of this information and proposal. If you have any questions on these comments, please contact Alex Boesenberg of NEMA at 703-841-3268 or alex.boesenberg@nema.org.

Sincerely,

Kyle Pitsor
Vice President, Government Relations
