Dear Docket Unit:

I am writing on behalf of ICF, a program administrator for the California Advanced Lighting Controls Training Program (“CALCTP”) (“Applicant”) to resubmit this repeated application¹ for confidential designation of certain specified Acceptance Test Curriculum Materials, CALCTP compliance forms, and Test Questions as 2022 amendments to CALCTP’s Acceptance Test Technician Certification Provider Application to become a Lighting Control Acceptance Test Technician Certification Provider under California Code of Regulations, Title 24, Part 6, § 10-103-A (“Amended Lighting Control ATTCP Application”). These documents are submitted under Docket 13-ATTCP-01.

On November 26, 2013 the CEC granted confidentiality for curriculum and testing materials as part of the Applicant's efforts to become a Lighting Controls Acceptance Test Technician Certification Provider. . ² Cal. Code Regs., tit. 20, § 2505(a)(4) (repeated applications for confidential designation); see also Cal. Code Regs., tit. 20, § 2505(a)(6) (“Failure to request confidentiality at the time a record is submitted to the Commission does not waive the right to request confidentiality later”).

Per prior communications with the CEC during past application updates, we do not need to re-file the above listed documents, but just identify them – by title and number and pages – so that the CEC can confirm that this cover letter applies to each of the documents. Accordingly, we have not re-filed the documents but submit only this cover letter.

Please contact me right away if there is any question as to which documents are to be kept confidential.

I certify under penalty of perjury under the laws of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the Applicant.³
