## **Diablo canyon**

Hello,

Please please take note of the following and take action: Diablo Canyon Nuclear Plant must be shut down by 2025. There are myriad unresolved and disconcerting issues: seismic vulnerability, violation of the closure agreement, unlawful cooling system, storage of even more high-level radioactive waste, and the prohibitive cost of this attempt to resurrect the Plant.

We are near-lifelong residences of San Luis Obispo who strongly urge you to close down the Plant as agreed to in 2016.

Sincerely,  
Warren and Carol Sinsheimer
