Subject: Direction to Change the Name of the Project in the Application for Certification

On August 5, 2022, the Applicant submitted a Notice of Project Name Change¹ for the project proposed in the Application for Certification (AFC) originally filed on December 1, 2021 and recorded in California Energy Commission (CEC) Docket Number 21-AFC-02. In the notice, the Applicant states that the project, originally named Gem Energy Storage Center, is now named Willow Rock Energy Storage Center.

The Hearing Officer recognizes the Applicant's notice. The Committee will refer to the project from this point forward as "Willow Rock Energy Storage Center", or "Willow Rock" for short, in all documents, records, communications, notices, and other references to the project in this proceeding. By separate memorandum, the Hearing Officer will instruct the CEC Dockets Unit to change the project title of this proceeding to Willow Rock Energy Storage Center.

The Hearing Officer further requests that CEC Staff update the project webpage on the CEC website and the name on the subscription list to be renamed as Willow Rock Energy Storage Center.
