## **Don't waste billions of CA ratepayers money on a 40-year old nuclear plant**

Don't waste billions of CA ratepayers money on a 40-year old nuclear plant, let it retire in peace. CA has already built enough renewables and storage to replace this plant 5 times since the 2016 agreement to retire it.

Save us from another Fukushima nightmare. CLOSE IT!

P.S. I have a PhD in nuclear physics, I know how dangerous these plants are.
