Docket No. 13-ATTCP-01

RESOLUTION OF THE ENERGY COMMISSION
APPROVING THE NATIONAL LIGHTING CONTRACTORS ASSOCIATION OF
AMERICA'S PROPOSED LIGHTING CONTROL ACCEPTANCE TEST TECHNICIAN
CERTIFICATION PROVIDER UPDATES FOR THE 2016 BUILDING ENERGY
EFFICIENCY STANDARDS CODE CYCLE

WHEREAS, Section 10-103-A(d) of the 2013 Building Energy Efficiency Standards requires Lighting Controls Acceptance Test Technician Certification Providers (ATTCPs) to report to the California Energy Commission what adjustments have been made to the training curricula to address changes to lighting controls acceptance testing requirements or adopted updates to the Standards or to ensure training is reflective of the variety of lighting controls that are currently encountered in the field, no less than six months prior to the effective date of any newly adopted Standards; and

WHEREAS, the 2016 Building Energy Efficiency Standards, California Code of Regulations, Title 24, Part 6, and associated administrative regulations in Part 1, Chapter 10, will go into effect on January 1, 2017; and

WHEREAS, the National Lighting Contractors Association of America (NLCAA) submitted the report required by Section 10-103-A(d) of the 2013 Building Energy Efficiency Standards ("update report") to the Energy Commission; and

WHEREAS, Energy Commission staff reviewed NLCAA's update report and determined that NLCAA's training curricula adjustments and other application amendments met the requirements in Section 10-103.1(c) of the 2016 Building Energy Efficiency Standards; and

WHEREAS, the Executive Director of the Energy Commission provided a written recommendation, attached hereto as “Exhibit A,” describing the review and validation of NLCAA’s update report by Energy Commission staff and recommending approval of NLCAA’s training curricula adjustments and other application amendments; and

WHEREAS, the Energy Commission has considered the Executive Director’s recommendation, all written comments submitted, oral comments made at today’s business meeting, and Energy Commission staff’s responses to all comments on this matter.

THEREFORE BE IT RESOLVED, that the Energy Commission finds that the NLCAA’s proposed training curricula adjustments and other application amendments meet the requirements in Section 10-103.1(c) of the 2016 Building Energy Efficiency Standards; and

BE IT FURTHER RESOLVED, that the Energy Commission confirms the Executive Director’s findings, adopts his recommendation, and approves NLCAA’s proposed training curricula adjustments and other application amendments as described in NLCAA’s update report.

CERTIFICATION

The undersigned Secretariat to the Commission does hereby certify that the foregoing is a full, true, and correct copy of a Resolution duly and regularly adopted at a meeting of the California Energy Commission held on September 14, 2016.
