Diablo Canyon Nuclear Plant Shutdown

Hello CEC! Regardless of Gov. Newsom's plans to extend the Diablo Canyon Nuclear Power Plant operating life beyond the negotiated shutdown date, we, as citizens of California, cannot afford to have such a dangerous revision become reality. With the faults surrounding it, and the lack of any plan of emergency of meltdown and evacuation of urban centers close to it, it bodes a veritable disaster in the making that would dwarf the Fukushima catastrophe. Please stop the Governor for doing PG&E 's bidding. Thank you. Steev & Malissa Daniel-Beeson (213) 924-9091
