**California State Pipe Trades Council  
Repeated Application for Confidential Designation  
Docket No. 13-ATTCP-01**

Dear Mike Hartley:

The California Energy Commission (CEC) has received California State Pipe Trades Council's (CSPTC or applicant) repeated application for confidential designation, dated and docketed August 5, 2022, and supplement to that application dated August 5, 2022 and docketed August 8, 2022. CSPTC requests confidentiality of the following identified documents:

ATTCP Training Manual, Cover Letter, and Application Update and Appendices

Applicant states that substantially similar documents were previously designated as confidential on April 15, 2020. In its August 8, 2022, amendment to the application, applicant further states under penalty of perjury, that the information contained in these amended documents is substantially similar to the previously submitted information and all facts and circumstances relevant to confidentiality remain unchanged.

California Code of Regulations, title 20, section 2505(a)(4) provides: "Repeated Applications for Confidential Designation. If an applicant is seeking a confidential designation for information that is substantially similar to information that was previously deemed confidential by the CEC pursuant to section 2508, or for which an application for confidential designation was granted by the executive director pursuant to subdivision (a)(3)(A) of this section, the new application need contain only a certification, executed under penalty of perjury, stating that the information submitted is substantially similar to the previously submitted information and that all the facts and circumstances relevant to confidentiality remain unchanged. An application meeting these criteria will be approved."

The applications previously submitted by applicant were granted based on California Code of Regulations, title 20, section 2505(a)(3)(A).

### **Executive Director's Determination**

Be advised that under California Code of Regulations, title 20, section 2506, one may petition to inspect or copy records that the CEC has designated as confidential. A decision on a petition to inspect or copy confidential records is issued by the CEC's chief counsel. Under California Code of Regulations, title 20, section 2507, the executive director may disclose records, or release records previously designated as confidential, in certain circumstances. The procedures for acting on a petition and criteria for disclosing or releasing records previously designated as confidential are set forth in the California Code of Regulations, title 20, sections 2506-2508.

If you have any procedural questions concerning this application for confidential designation, please contact Kari Anderson, staff counsel, at [kari.anderson@energy.ca.gov](mailto:kari.anderson@energy.ca.gov).
