Subject: STATUS REPORT #21 FOR THE LAFAYETTE BACKUP GENERATING FACILITY SMALL POWER PLANT EXEMPTION (20-SPPE-02)

In its December 23, 2020, order directing parties to file Monthly Status Reports, the Committee ordered the parties to file and serve a Status Report on or before the 10th of each month.

Staff has commenced work on an Environmental Impact Report (EIR), which we expect to publish within 60 days of acknowledging in a status report that we have no further data requests.

Staff docketed Data Requests Set 6 on May 20, 2022. Upon receipt of the applicant's response to this most recent set of data requests, staff will evaluate the responses for completeness and then either prepare additional follow-up data requests or alert the Committee of our intention to publish our Draft EIR within 60 days.
