**DIGITAL REALTY STATUS REPORT
NUMBER 14**

Digital Realty, in accordance with the Committee Order (TN236110), dated, December 21, 2020, hereby files its Status Report Number 14. Digital Realty believes it has provided all of the information necessary for Staff to publish the Draft Environmental Impact Report. Digital Realty has been requested by Staff and the San Jose International Airport Planner to perform some additional work mapping flight paths of airplanes. Digital Realty has attempted to engage a consultant to perform that work but has been unable to engage one yet. Digital Realty will continue to work to provide this information but currently has no timeline for providing it. Digital Realty will continue to work with the San Jose International Airport Planner and Staff to resolve this newly identified data gap.

Dated: September 10, 2022

Respectfully Submitted,

Scott A. Galati
Counsel to Digital Realty
