Sending Direct Public Comments

Hi there,

I'm with a group in support of the lithium extraction they're wanting to start doing at the Salton Sea and we wanted to submit some public comments to the Lithium Valley Commission to voice our support for the industry. Where's the best place to do that? I saw that they have an email address. Can we send our comments there? We don't want them to be missed as we think this industry can be a big boost to the local economy and not all of us are able to attend the Commission meetings.

Thank you!
George
