Docket Office
Attention: Docket 22-IEPR-03
715 P Street, MS-20
Sacramento, CA 95814-5512

Subject: Docket 22-IEPR-03 Transmission Planning IEPR

To: IEPR Committee Staff

Since 2001, City of Vernon (COV) has been a Participating Transmission Owner (PTO) with the California Independent System Operator (CAISO), and as such had turned over each of its three long-term transmission contracts to CAISO. COV does not own any transmission assets. On May 5, 2022, COV submitted a Notice of Withdrawal from the CAISO's Transmission Control Agreement, effective October 7, 2022. As of October 7, COV will have terminated each of its three long-term transmission contracts and will no longer be a PTO with the CAISO. COV will continue to operate as a Metered Subsystem (MSS) within the CAISO Balancing Authority Area.

COV respectfully requests that the California Energy Commission accept this letter as fulfillment of the IEPR transmission data request. Thank you for your consideration. Please feel free to contact me should you have any questions.

Sincerely,

Todd Dusenberry
Acting General Manager of Vernon Public Utilities

Exclusively Industrial
