November 4, 2022

To: California Energy Resources Conservation and Development Commission

From: CalCERTS and CHEERS, CA HERS Providers

Re: Combined Request to Reschedule Workshop

Commission Staff recently released a Notice of Workshop - Update of the Home Energy Rating System Regulations for November 15, 2022.

The workshop is scheduled for the same day as California's largest convention of HVAC stakeholders, IHACI. [www.ihaci.org/trade-show](http://www.ihaci.org/trade-show)

CHEERS and CalCERTS along with many Rating Companies, HVAC Installers, and supporting industries registered for this convention many months ago and have staff and resources scheduled to attend.

This is a joint request for the Workshop to be reschedule to January 2023 when both HERS Providers can attend.
