2. State and justify the length of time the Energy Commission should keep the information or data confidential.

3 years.

- 3(a). State the provision(s) of the Public Records Act (Gov. Code, § 6250 et seq.) or other law that allows the Energy Commission to keep the information or data confidential, and explain why the provision(s) apply to that material.

Government Code §§ 6255(a) 6254.7(d); California Evidence Code § 1060; and California Civil Code § 3426.1(d), This information consists of market sensitive and trade secret information relating to ongoing contract negotiations.

Additionally, under California Code of Regulations, Title 20 section 2505(b), states, "When another federal, state, regional, or local agency or state-created private entity, such as the California Independent System Operator, possesses information pertinent to the responsibilities of the Commission that has been designated by that agency as confidential under the Public Records Act, or the Freedom of Information Act, the Commission, the Executive Director, or the Chief Counsel may request, and the agency shall submit the information to the Commission without an application for confidential designation. The Commission shall designate this information confidential".

In accordance with the foregoing authority, Sonoma Clean Power has designated the highlighted data in the enclosed Report as confidential for the reasons identified below and submits such data to the CEC with the expectation that the CEC shall designate it as confidential, as well, and protect it accordingly.

- 3(b). Discuss the public interest in nondisclosure of the material submitted for a confidential designation. If the material contains trade secrets or its disclosure would otherwise cause loss of a competitive advantage, please state how it would be lost, the value of the information to the applicant and the ease or difficulty with which the information could be legitimately acquired or duplicated by others.

The identified information could be used by others to gain economic value from its disclosure and impact Sonoma Clean Power's negotiating positions. Counterparties could use this information to derive Sonoma Clean Power's exposure to other counterparties and financial status, which would result in a market disadvantage, and negatively affect rates for Sonoma Clean Power's customers.

4. State whether the information or data can be disclosed if it is aggregated with other information or masked to conceal certain portions (including but not limited to the identity of the applicant). State the degree of aggregation or masking required. If the data cannot be disclosed even if aggregated or masked, explain why.

It may be possible to aggregate the generation portions of the redacted information on a statewide level. It would not be possible to aggregate the other information, since it consists of specific language and locations that would the confidential information.

5. State how the material is kept confidential by the applicant and whether it has even been disclosed to a person other than an employee of the applicant. If it has, explain the circumstances under which disclosure occurred.
