## **New Taxes I think not**

So governor hair gel wants MORE taxes on gas and oil? I know the socialists running CA would tax us for EVERY DOLLAR all of us make if they could. We have the highest taxes on gal NOW. I have heard that the CA government has somewhere around \$98 BILLION surplus? Much of that surplus should be returned to the tax payers.

I don't know how you folks get your jobs? Are you appointed, voted on? If appointed, then I'm just pissing into the wind cuz you'll do anything hair gel want for fear of losing your cushy job. Wow, just about it: no cocktail parties with other sycophants like yourself.

Hair gel does not care about WORKING PEOPLE. Many working stiffs must have gas to get to work to survive and pay those taxes. Helping the working class? Bovine Feces! Being a native California and Vietnam Vet, it's hard to understand the dopes who continue to vote for people who have run this State into the ground. Luckily, I'm in the 4th quarter of my life so I might not be tortured that much longer.

Even when I'm gone, there will be politicians that somehow "sell" themselves to people who either don't care or too stupid to understand how they are being screwed without nary a kiss or dinner.

This is why, thruout history, governments like ours only last for a couple hundred years and we're playing with our money as opposed the house money from about the 1940's. Have a nice day.
