STATE OF CALIFORNIA

STATE ENERGY RESOURCES CONSERVATION  
AND DEVELOPMENT COMMISSION

2016 Building Energy Efficiency Standards,  
California Code of Regulations, Title 24,  
Parts 1 and 6

Docket No. 13-ATTCP-01

RESOLUTION OF THE ENERGY COMMISSION APPROVING THE CALIFORNIA  
STATE PIPE TRADES COUNCIL'S PROPOSED MECHANICAL ACCEPTANCE  
TEST TECHNICIAN CERTIFICATION PROVIDER UPDATES FOR THE 2016  
BUILDING ENERGY EFFICIENCY STANDARDS CODE CYCLE

**WHEREAS**, section 10-103.2(d) of the *2016 Building Energy Efficiency Standards* (Energy Standards) requires Mechanical Acceptance Test Technician Certification Providers (ATTCPs) to report to the Energy Commission what adjustments have been made to the training curricula to address changes reflective of the variety of mechanical systems that are currently encountered in the field, changes to mechanical acceptance testing requirements, or adopted updates to the Energy Standards no less than six months prior to the effective date of any newly adopted Energy Standards; and

**WHEREAS**, the *2016 Building Energy Efficiency Standards*, California Code of Regulations, Title 24, Part 6, and associated administrative regulations in Part 1, Chapter 10, went into effect on January 1, 2017; and

**WHEREAS**, the California State Pipe Trades Council (CSPTC) submitted the update report required by section 10-103.2(d) of the *2016 Building Energy Efficiency Standards* ("Update Report") to the Energy Commission; and

**WHEREAS**, CSPTC proposes to meet the quality assurance requirements of Section 10-103.2(c)3F of the proposed 2019 Energy Standards, that these requirements are equally as stringent as the requirements of the 2016 Energy Standards, and that these requirements resolve logistical issues raised by the 2016 Energy Standards; and

**WHEREAS**, Energy Commission staff reviewed CSPTC's Update Report and determined that CSPTC's training curricula adjustments met the requirements in section 10-103.2(c) of the *2016 Building Energy Efficiency Standards*; and

**WHEREAS**, the Executive Director of the Energy Commission provided a written recommendation, attached hereto as "Exhibit A," describing the review and validation of CSPTC's Update Report by Energy Commission staff and recommending approval of CSPTC's training curricula adjustments and application amendments; and

**WHEREAS**, the Energy Commission has considered the Executive Director's recommendation, all written comments submitted, oral comments made at today's Business Meeting, and Energy Commission staff's responses to all comments on this matter.

**THEREFORE BE IT RESOLVED**, that the Energy Commission finds that the CSPTC's proposed training curricula adjustments and application amendments meet the requirements in section 10-103.2(c) of the *2016 Building Energy Efficiency Standards*; and

**THEREFORE BE IT FURTHER RESOLVED**, that demonstrating compliance with the quality assurance requirements of Section 10-103.2(c)3F of the proposed 2019 Energy Standards is sufficient to demonstrate compliance with Section 10-103.2(c)3F of the 2016 Energy Standards; and

**BE IT FURTHER RESOLVED**, that the Energy Commission confirms the Executive Director's findings, adopts his recommendation, and approves CSPTC's proposed training curricula adjustments and application amendments as described in CSPTC's Update Report.

### **CERTIFICATION**

The undersigned Secretariat to the Commission does hereby certify that the foregoing is a full, true, and correct copy of a Resolution duly and regularly adopted at a meeting of the California Energy Commission held on May 9, 2018.
