To whom it may concern,

I am a HERS rater and currently help all my clients fill out the CFR forms since they do not know how to do it themselves, whether they are a homeowner or an HVAC company. If I am limited to only either do the paper work or the rating I will lose all my work. They will go to a company that can do it all for them. I ask that you do not change this as all it will in affect shut down all 1 man businesses like myself. Thank you for your consideration.

Sincerely,

CJ Orlando
