AAER-2022-05 1 CCR 86 statement of mailing request

Perhaps the Energy Commission has overlooked me and 39 million other people as a users of water closets?

Please file, pursuant to GOV 11347.3, and 20 CCR 1208, the 1 CCR 86 statement of mailing and provide ample notice that all users of water closets received the mailing to ensure ample time to comment on the rulemaking.

The public that makes use of water closets needs to be notified of any regulation that would interfere with their ease of use of the sewage systems they are supporting through tariffs and fees.

Don't forget to notify me pursuant to 1 CCR 44.
