Re: **El Segundo Energy Center Petition to Amend (00-AFC-14C)
Project Owner's April 2015 Status Report**

Dear Committee Members:

El Segundo Energy Center LLC ("**Project Owner**"), owner of the El Segundo Energy Center (00-AFC-14C) ("**ESEC**"), submits this status report for the ESEC Petition to Amend ("**PTA**") for proposed units 9-12.

Project Owner has been working to resolve final air quality-related condition language and anticipates that the South Coast Air Quality Management District will issue an amendment to the Final Determination of Compliance ("**FDOC**") in April.

As previously noted in Project Owner's March 2015 Status Report, Project Owner believes that significant progress has been made in resolving issues and narrowing the scope of disagreement ahead of the Prehearing Conference. Project Owner appreciates the Staff's hard work and diligence in their assessment of the PTA and looks forward to the publication of a combined Final Staff Assessment Parts A and B following the issuance of the amended FDOC.
