Title 20 Water Closets PGE Extension Request

Additional submitted attachment is included below.

January 19, 2023

Mr. Michael Sokol
Efficiency Division
California Energy Commission
Docket Unit
Docket No. 22-AAER-05
715 P Street, MS-4
Sacramento, CA 95814

Docket Number: 22-AAER-05
TN Number: TN 248095

Dear Mr. Sokol:

This letter comprises the comments of Pacific Gas and Electric Company (PG&E) and San Diego Gas and Electric (SDGE) in response to the California Energy Commission (Energy Commission) Request for Information (RFI) and Invitation to Submit Proposals (ITSP) on Appliance Efficiency Regulations for Water Closets.

PG&E and SDGE understand the potential of appliance efficiency standards to cut costs and reduce consumption while maintaining or increasing consumer utility of products. We have a responsibility to our customers to advocate for standards that accurately reflect the climate and conditions of our respective service areas.

PG&E and SDGE respectfully request that the deadline for submitting comments to Docket Number 22-AAER-05 be extended by 30 days to March 15, 2023, to allow interested parties to gather and docket the requested information and proposals. Since RFI and ITSP were combined, we anticipate that our proposal in response to the ITSP will be a draft proposal and may be revised based on data submitted by other stakeholders.

In conclusion, we would like to reiterate our support for Energy Commission's RFI and ITSP on Water Closets. We thank the Energy Commission for the opportunity to be involved in this process.

Sincerely,

A handwritten signature in black ink, appearing to read 'Patrick Eilert'.
