STATEMENT ON ACCURACY OF RATINGS AND COMMITMENT TO COMPLIANCE

National Energy Testing Institute, Inc. DBA: Golden State Registry

Golden State Registry it's officers, employees, and all those contracted to work under the auspices of the corporation, wish to make clear our statement and policy in regards to ratings and information input, utilized, transferred, collected, or stored in our database, produced as certification, or supplied to the California Energy Commission or other jurisdictions having authority.

As part of our application to become certified as a California Energy Commission approved Registry and Provider, we confirm the following:

1. Golden State Registry will take great care and exercise all necessary precautions to ensure that all ratings are accurate, consistent, and uniform.
2. Golden State Registry's Quality Assurance program (See Exhibits B5 and B7) conforms with all requirements and is utilized to find and correct information that is inaccurate and ensure that all Raters are utilizing approved means and methods and only inputting accurate and complete ratings into the system.
3. Golden State Registry's current application is for the authorization to become a Registry and Provider for Field Verification and Diagnostic Testing (only). Should Golden State Registry obtain the capability to perform whole house ratings or other ratings, Golden State Registry will ensure that utility bill estimates are reasonable and recommendations on cost-effective energy efficiency improvement measures are reliable.
4. Golden State Registry has taken great care to review all requirements for becoming approved as, and maintaining the status of, a Provider and Registry in compliance with all codes and regulations. Golden State Registry, it's officers, employees, and all those contracted to work under the auspices of the corporation understand and will not knowingly fail to comply with the requirements of these regulations.
