Pending DACAG Comments on 23-24 Budget Plan

To All This May Concern,

This is to notify the California Energy Commission that as subject matter expert (SME) and member of the CA SB 350 Disadvantaged Communities Advisory Group (DACAG), I will be proposing a set of draft comments to the DACAG for their review, any edits, and possible ratification and submission at the February 17, 2023 DACAG meeting as an agenda item. These comments will pertain to the draft Gas R&D Program FY 2023-2024 Budget Plan and the Preliminary Research Concepts for FY 2024-2025 Budget Plan.
