IN REPLY REFER TO:
I.D. (PW-P)

California Energy Commission
715 P Street
Sacramento, California 95814

To Whom It May Concern:

Thank you for this opportunity to comment on the draft “Permitting Roadmap for Offshore Wind Energy Development off the Coast of California” (Docket No. 17-MISC-01). The National Park Service shares the Commission’s goal of timely, coordinated, and efficient permitting processes among federal, state, and local entities responsible for issuing permits and associated environmental review.

The National Park Service recommends that the Commission add the following line reflecting National Park Service coastal permitting obligations in the “Federal Agencies” portion of Table A-1 in Appendix A.

Permit or Required Regulatory Authorization	Primary Statute	Jurisdiction
Right of Way Permit	54 U.S. Code 100902	National Park Service-managed lands and coastal waters within National Park Service units

Detailed information regarding the National Park Service Right-of-Way application process can be found at <https://www.nps.gov/aboutus/right-of-way-permit.htm>. For further questions, contact Interior Regions 8,9,10 and 12 Regional Right-of-Way Coordinator Amanda Maxwell at amanda_maxwell@nps.gov.

Sincerely,

Martha Crusius
Park Planning & Environmental Compliance Manager
