Hello,

My name is Raymond Hernandez Co-Owner of Absolute Efficiency Group. AEG was founded in 2008 and established in 2014. We have a staff of (9) employees, which are young minority individuals that we mentored into this industry for a future carrier. When I received notice that the CEC was revoking the HERS program, this was outrageous, especially without implementing/adopting NEW rules. The Commission's attempt to veto an entire industry without first identifying what new rules will be adopted in its place is reckless and unlawful. The proposed regulations under 23-HERS-01 will put my company and me out of business and must not be adopted.

So much for being the **land of opportunity & growth!**
